#### WHITE MEN UNITING.

Positive Evidence of This Fact is Not Lacking.

We are pleased to state that the true white men of Chatham are rapidly coming together and are uniting for the supremacy of the white people in North Carolina.

On last Friday Messrs. H. A. London and R. H. Hayes spoke at Siler City and on Saturday at Harper's X Roads. There was a good crowd at each place and much enthusiasm. Not only were the democrats more hopeful and determined than heretofore, but many former populists are uniting with them. At each place there were several good, honest, substantial farmers who had been voting the fusion ticket since 1892, and who declared that it is now time for "all white men to get together." They declared that they could not stand "fusion" rule any longer and would vote with the democrats next November.

Among those who thus declared themselves in favor of white supremacy was W. W. Edwards, Esq., who is well known to most of our readers, being one of Chatham's most prominent citizens and the late president of the county alliance. He attended the speaking at Siler City (near which place he lives) and also at Harper's X Roads, and at the latter place he was called on for a speech, after Messrs. Hayes and London had spoken. He responded to the call in a short speech that excited much enthusiasm. He said that he had been a populist ever since the organization of that party, but that he had been deceived; that he now saw that the men who now controlled the people's party were trying to destroy the democratic party in order to build up the republican party and seemed to be really republicans while pretending to be populists. He said that he was opposed to negroes ruling white people in any town in North Carolina, and that it was a shame and a disgrace that any white man had to go to a negro register of deeds to get a license to marry!

Mr. Edwards declared that he had abandoned the democratic party in 1892 because of Cleveland's financial policy, but as the democrats at the Chicago convention, in 1896, had stolen the populist financial platform he saw no reason why he should not stand on it with them for free silver in the nation and for white supremacy in North Carolina. And there are many other honest Populists in Chatham who think like Mr. Edwards and will follow his example.—Chatham Record.

#### EXPIRES IN A DRUG STORE.

Jacksonville Lady Drops Dead in New York City.

New York, Sept. 7.—Mrs. Frank Boylston, of Jacksonville, wife of the Florida passenger agent of the Atlantic Coast Line, died suddenly in a drug store on Broadway yesterday. She staggered into the store and in a choking voice said to the soda fountain clerk:

"For God's sake, give me some ammonia quickly."

The woman's face was white as death and she seemed to be in agony. The clerk told her to go to the rear of the store. She staggered toward some seats, and when almost there fell unconscious into the arms of a physician who was in attendance at the store. Three minutes afterwards the woman was dead.

It is said that Mrs. Boylston had been an invalid for some time and had just returned to New York from the White mountains.

#### LI HUNG CHANG DEPOSED.

Pekin, Sept. 7.—Li Hung Chang has been dismissed from power. It is presumed this was done in accordance with the demand which, it was rumored, the British minister here, Sir Claude MacDonald, was instructed to make on account of the alleged general partiality of the great Chinaman to Russia, culminating in Great Britain being deprived of the contract for the Pekin-Hankow railroad by giving the Russo-Chinese bank financial control of the road.

#### To Relieve General Wheeler.

By Wire to THE TELEGRAM.

Wilcox, Sept. 8.—General Wheeler will be relieved by General Bates for the purpose of taking the body of his son, Thomas H. Wheeler, home for burial. Young Wheeler was drowned last evening while bathing in the surf near the camp. He was accompanied by Lieutenant Kirkpatrick and both of them were drowned. The surf was high and the undertow was very strong.

#### In Good Condition.

By Wire to THE TELEGRAM.

Washington, Sept. 8.—General Greeley has returned from an inspection tour among southern camps and reports them to be in good condition.

#### ACCOMPANIED BY SERVANTS

General S after Starts on a Trip To Washington.

GEN. YOUNG WILL GO TO CUBA.

He Has Been a Cavalry Officer For Thirty Years But May Now Assume Command of Infantry.

By Wire to THE TELEGRAM.

Wilcox, Sept. 8.—General Shafter, accompanied by his servants and two aides started for Washington on a special car at nine o'clock this morning. He has been ordered there for consultation. General Wheeler will have command while he is absent.

Gen. Young this morning received orders to report to Major-General Graham at Camp Meade for assignment. Although he has been a cavalry officer since he left West Point, thirty years ago it is thought probable that he will assume command of the infantry division at Camp Meade and later go to Cuba.

#### STILL MUSTERING OUT.

Chickamauga, Sept. 8.—Two more regiments left Camp Thomas today—the First Arkansas and the First Mississippi. The latter goes to Lauderdale Springs to be mustered out. Grigsby's rough riders were mustered out today. The work of cleaning up the park is being pushed.

#### REMOVING QUARANTINES.

But Mississippi Still Refuses Despite Official Declarations.

By Wire to THE TELEGRAM.

New Orleans, Sept. 8.—The Mississippi board of health has not removed the quarantine despite the official declarations of the state marine hospital and Alabama authorities that the suspicious cases reported by Dr. Dunn is not yellow fever. The quarantine against this city has been taken off and the quarantine against freight was modified yesterday to conform to the rules of the Atlanta convention. Alabama has promptly removed all quarantines.

#### THREE NEW CASES.

But There is No Fear of a General Epidemic.

By Wire to THE TELEGRAM.

Jackson, Sept. 8.—Three new cases of yellow fever were reported from Taylor last night. The patients are seriously ill and show symptoms of black vomit. The situation today: No new reports. The suspicious case at Water Valley is not yellow fever and there is no fear of a general epidemic by the board of health and the quarantine against Louisville will soon be removed.

The Situation After The Massacre.

By Cable to THE TELEGRAM.

Canea, Sept. 8.—The president of the Crete executive committee has notified foreign admirals that in view of the massacres at Candia it is impossible to continue the efforts to organize the administration until the Turkish functionaries and troops are withdrawn. The convocations of Cretons proposes to place the forces of the Cretons at the disposal of the international administration.

#### British Warship Took Part.

By Cable to THE TELEGRAM.

London, Sept. 8.—A dispatch from Candia says several foreign warships took part in the bombardment of the town yesterday, among them being the British battleship Camperdown. Two hundred and fifty British soldiers have sailed from Malta to Candia.

#### Threatened to Seize a Train.

By Wire to THE TELEGRAM.

New York, Sept. 8.—The First Illinois has started west. Three hundred of the eleven hundred are pretty sick. Their commander, Col. Turner, threatened to seize a Long Island train if transportation was not furnished.

Tries to Swim the English Channel.

Dover, England, Sept. 8.—Frank Holdnes, of Birmingham, left Dover at nine forty in an attempt to swim the English channel.

In view of the facts that three men have been shot in the Adirondacks in mistake for deer thus far this year, and that twelve were shot last season, it has been proposed that the hunters shall wear costumes of such color that the stupidest amateur can make no mistake.

#### NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU.

HIGH POINT, N. C., Sept. 8, '98.

R. S. Hunter and Will Cranford, of Greensboro, passed through this morning on their way to Asheboro.

Miss Carrie Norman, who has been visiting Miss Estelle Curlee, returned to her home in South Boston this morning.

A. Leaxon, of Mooresville, and D. S. Overman, of Salisbury, two of the speakers at Asheboro today, passed through this morning on their way there.

H. D. Varner, of the Lexington Dispatch passed through this morning en route to Asheboro.

Chas. Long, traveling salesman for the High Point Furniture Company, returned yesterday from a southern trip.

Jno. M. Hammer, the kind and accommodating clerk of the Benbow house passed through today en route to Asheboro.

Miss Maggie and Master John Slaughter went to Danville this morning on a visit.

Miss Hattie Hicks left this morning for Mt. Airy where she will visit friends and relatives.

About twenty-five High Pointer's went down to the big barbecue and democratic rally at Asheboro today.

S. H. Tomlinson returned this morning from a business trip in the interest of the Globe Furniture Co.

J. H. West, of Greensboro, passed through this morning en route to Asheboro.

Talk about the rainy season in Cuba, we think we have had one here. Older people say this season is without a precedent. It has rained nearly all the summer and yet wells and streams are dry.

A. B. Sapp is having the house recently occupied by Jno. Shelton on Centennial street repaired and part of a new fence put up in front of the house.

The grass has been cut and the hay removed from the grounds at the graded schools and there are no hayseeds in school they say. What a great place that is down there.

R. L. Pickett, who is on the sick list, has moved from his room at Jarrell's to his sister's residence, Mrs. J. J. Welsh, on Washington street.

Ex-Governor Jarvis took dinner at the Bellevue hotel yesterday. He was on his way to Asheboro where he will speak at the democratic rally today.

H. C. Worth, of Worthville, was in the city today.

Frank English, of Monroe, is in the city visiting friends.

Charles Ragan went to Lexington yesterday on business and returned last night.

According to the last census the population of this city is about 4500. Of this number about 1000 are of the right age to enter school, and of this number over 700, or about one-sixth of the entire population, are in the graded schools. Nearly 600 are white children. Where is a town in the state that can beat High Point along this line? No town in the state has a finer building. No school in the state has a better corps of teachers. Our graded school is an institution which we should all be proud of.

Mr. Wilson, at Jarrell's hotel, is making many improvements. He has removed the partition between the old reading room and the new sample room and is having it fitted up for a dining room. The light is better and the room more spacious and it will be more convenient for the guests than the room now used for a dining room, which is in the basement.

You will have to ask "Uncle Tommy" if you wish to know whether those stones put down on Main street, near the Hollowell house, are to be used for macadam or stepping stones. Certainly they will not be left as they now are.

#### Pando Leaves.

By Wire to THE TELEGRAM.

New York, Sept. 8.—General Pando, of the Spanish army, boarded the Augusta Victoria, of the Hamburg-American line, secretly this morning and sailed for Hamburg. On Monday he boarded the Lahn, but at the last moment disembarked.

M. Zola's "Paris," and "Monks and Their Decline," by the Rev. Dr. Zurcher, of Buffalo, have been placed in the index of prohibited books by the Vatican.

#### MILES WILL BE CHOKED OFF

President Will Ask Him To Hold His Tongue.

THE MILES-ALGER CONTROVERSY

There Must Be No Further Public Utterance Made Reflecting Upon The War Administration.

By Wire to THE TELEGRAM.

Washington, Sept. 8.—There has been a good deal of interest manifested in the Miles-Alger controversy. It is stated today on good authority that the "controversy" will close by McKinley simply requesting Gen. Miles to make no further public utterances in any way reflecting upon the administration.

#### THE EIGHTH OHIO.

Known as "The President's Own" Reaches Home Today.

By Wire to THE TELEGRAM.

Cleveland, Sept. 8.—The Eighth Ohio regiment, known as the president's own, reached here in three sections this morning. When the trains arrived the regiment had two hundred and thirty sick, all told, but none of them were in a serious condition. The services of the twenty nurses who met the regiment at the station were not required.

Col. Hard declared the trouble in his regiment was due largely to the indiscretion of two members of the company from Wooster who broke through the lines at Santiago and there contracted a fever which subsequently spread throughout the entire camp. The men of the regiment leave today for their homes throughout the northern part of Ohio.

#### SPANISH CENSORSHIP.

To Prevent Publication of the Proceedings of Cortes.

By Cable to THE TELEGRAM.

Madrid, Sept. 8.—The Spanish cabinet, at its meeting this morning, agreed to take the most stringent means to prevent the publication of the proceedings of Cortes and to provide for a censorship of telegraphic dispatches.

The minister of foreign affairs informed his colleagues that as a result of the negotiations with Washington relative to the Spaniards in the Philippines instructions have been sent to Spanish consul at Hong Kong in accordance with the agreements reached.

ALGER WILL NOT MEET MILES.

The Secretary to go on a Tour of Inspection.

By Wire to THE TELEGRAM.

Washington, Sept. 8.—President McKinley stated at the morning conference of cabinet officials today his purpose to order no other investigation of the charges against the war department than that which Secretary Alger has been carrying on is to continue personally or through subordinates seeking facts to refute these charges.

Secretary Alger, leaving here next Thursday, will, after a week's visit to Michigan, proceed to visit the other camps, with a view to personal investigation and consequent improvement, as was the case at Montauk Point.

The departure of Secretary Alger on Thursday is apparently timed to avoid any necessity for a meeting between him and General Miles, who is expected here on that day. It may be part of the plan for keeping the peace by quieting General Miles.

#### Transportation Lacking.

By Wire to THE TELEGRAM.

Wilcox, Sept. 8.—The First District of Columbia regiment of volunteers, who were expected to leave today, were detained because of a lack of transportation.

Mrs. Lewis is sexton of the town of Lewes, England, and until recently she dug all the graves in the parish churchyard. She is described as a healthy old woman. The only woman sexton in this country is believed to be Mrs. Elizabeth Donnell Mabel, who has charge of a cemetery near New Orleans.

Julius Verne, the indefatigable French author, has achieved the probably unique feat of having written six more books than the number of years he has lived. Perhaps Miss Braddon among English writers, with fifty-five novels to her name in thirty-seven years, most nearly approaches this marvelous record of industry.

"Mr. Gladstone was true to his record up to the last," says the New York Herald. "Even his will is an oration of two thousand words."

#### ASHEBORO RALLY.

At Least Four Thousand People Hear The Speakers.

Special to THE TELEGRAM.

Asheboro, Sept. 8.—The big democratic rally is on. Vehicles of every description brought in great crowds of people all the forenoon. Capt. Rankin's train brought down about three hundred people and the Aberdeen special brought about four hundred.

The ceremonies opened with an able speech by Ex-Governor Jarvis at eleven o'clock. Following him Hon. A. Leaxon, of Mooresville and Lee S. Overman, of Salisbury, preached democratic doctrine. At least four thousand people are present and it is a great day.

Four beaves, ten hogs and ten sheep were barbecued, and the multitude fed, being waited on by about two hundred waiters, both ladies and gentlemen. Good music was furnished by the Archdale, Randleman and Liberty cornet bands. Messrs. John Moffitt, Ex-Sheriff Ross and Perm-Wood were masters of ceremonies and in a satisfactory and graceful manner performed their duties.

It has been a good day for good government in Randolph. The people are interested as they have not been in several years. It is believed that Randolph may be depended upon to do her duty.

#### Much Cooler Today.

By Wire to THE TELEGRAM.

New York, Sept. 8.—The temperature record shows a fall of twenty degrees today.

### FOOD ADULTERATION.

We regret that it becomes necessary in the interest of the good name of the city of Greensboro to again refer to the "circular letter" sent out by a firm in Greensboro advertising an adulterant for flour called "mineraline." Sometime ago the party who did this thing acknowledged his "error" and said he did it without thinking of the stupendous evil and disastrous results of the scheme. He further stated that he declined to answer any of the many enquiries received and that not a pound of the stuff was shipped or prepared for shipment.

This was several months ago; but it seems the matter is not dead yet. The North Carolina Baptist last week called attention to and published this circular letter, which was also copied in yesterday's Charlotte Observer. We find it also referred to in a communication in the Citizen's Union Advocate, of Baltimore of Aug. 20, from which we make the following extract: More suffering and death result every year from the use of adulterated food, drinks and drugs than from war and it might be found that the very class of people who are lifting up their hands in holy horror of war are the very ones that are plying the adulteration of food, drinks and drugs.

A most rascally adulteration of flour has just been brought to light, the adulterant being nothing less than ground soapstone.

I take the following exposure of it from the Chicago Farmer's Voice, of July 30, of 334 Dearborn street:

#### SOAPSTONE IN FLOUR.

"The Maine board of agriculture has just sent out a bulletin, entitled, 'A Wicked Adulteration,' that intimately concerns every one who eats bread. This bulletin relates that the American Grocer has furnished evidence that a firm in Greensboro, N. C., is sending out a circular letter to millers everywhere, in which they advertise in the most barefaced manner a new adulterant for flour, which they call 'mineraline.' This circular offers this 'mineraline' at \$20 a ton, and shows that 25 per cent. of the weight may be added to flour without detection, and that a ton of the substance used in this way will bring the user a profit of from \$400 to \$1,600, according to the amount used to each 100 pounds of flour. Analyses shows this 'mineraline' to be simply ground soapstone, which is not only valueless as food, but positively injurious to the health of the user when consumed in the quantities it would be if mixed with wheat flour at the rate of 25 per

cent. This is the most abominable adulterant that has been offered for mixing with wheat flour. Beside the mixing of cornmeal or 'fourine' with flour is an innocent deception."

This shows one of two things: That the newspapers are keeping up a fire on an enemy which does not exist, or, that the projectors of the infernal scheme were not sincere when they claimed the whole thing had been repudiated and abandoned. Which is it?

The citizens of Greensboro owe it to themselves in whose keeping rests the good name of the city; they owe it to humanity, to see that no such nefarious business is carried on here. The newspapers of the city have, we believe, without an exception, filed deprecations against the business. Our people are humane and law-abiding and we do not believe such operations can be carried on here.

The fall term of Trinity College opened yesterday and the friends of that institution are much gratified at the showing made. The attendance is fully thirty per cent larger than last year at the same time. The Durham Sun says:

"Trinity College is in better condition than ever and it is prepared to do even better work in the future than it has in the past. President, faculty and students are enthusiastic."

Grand old Trinity! She is founded on a rock. From the days of Braxton Craven down to the present time the winds of demagoguery have howled around her and the storms of prejudice have beat against her; but she stands high above the breaking billows a bright and shining monument to Methodism!

### WAR TAX DECISIONS.

#### Matters Regarding Mutual Insurance Companies.

Washington, Sept. 6.—The commissioner of internal revenue has ruled that a mutual insurance company which pays salaries to its officers, has a surplus and consisting of real estate and pays commissions to agents shall pay the tax of one-half of 1 per cent. on each \$1 of premium on its policies, it not being the intention of congress to exempt mutual companies of this class.

He has directed the revenue officers to make an assessment upon the policies of such companies unless their officers conclude to stamp each policy in the hands of policy holders. He also ruled that purely mutual insurance companies were not exempt from other stamp tax than that on premiums.

The commissioner decided today that the certificates which are given by gas companies to consumers who wish to have gas turned on in their premises and who are required to leave a deposit at the time that the order for the service is given, are liable to the stamp tax the same as any other certificate of deposit.

Warehouse receipts which are given for such perishable articles as meat, eggs, butter, etc., which have been placed on storage for preservation are not subject to the stamp tax.

An order given to a broker to buy certain articles of merchandise is ruled to be not taxable, but when the sale has been made the memorandum of sale or other evidence of the transaction is subject to the stamp tax.

Truth wears well. People have learned that DeWitt's Little Early Risers are reliable little pills for regulating the bowels, curing constipation and sick headache. They don't gripe. Howard Gardner.

#### Chatham Alligator.

—There is an alligator about 18 inches long in one of the vats of a tannery near Ore Hill, and it is something of a mystery as to how it got there. Last winter an alligator's hide was tanned there, and some say that there must have been an alligator egg concealed in it, which hatched out this alligator. Others say that it is an alligator that escaped from the express car on the C. F. and Y. V. railroad near Ore Hill last spring, and which had been shipped to Mr. Jacob Dixon by his son in Florida. If it is, it must have crawled on dry land over hills and through forests and fields for over a mile in order to get to the tannery.—Chatham Record.

#### Something to Depend On.

Mr. James Jones, of the drug firm of Jones & Son, Cowden, Ill., in speaking of Dr. King's New Discovery, says that last winter his wife was attacked with la grippe, and her case grew so serious that physicians at Cowden and Pana could do nothing for her. It seemed to develop into a hasty consumption. Having Dr. King's New Discovery in store, and selling lots of it, he took a bottle home, and to the surprise of all she began to get better from first dose, and half dozen dollar bottles cured her sound and well. Dr. King's New Discovery for consumption, coughs and colds is guaranteed to do this good work. Try it. Free trial bottles at C. E. Holton's drug store.

### THE STATE UNIVERSITY.

#### The Executive Committee in Raleigh Tuesday.

The executive committee of the board of trustees of the State University met here Tuesday. There were present Governor Russell, presiding; Col. J. S. Carr, Maj. J. W. Graham, Dr. R. H. Lewis and Mr. R. H. Battle.

President Alderman was unable to attend on account of a severe indisposition, by which he was confined to his house. He reported with some recommendations by letter to the secretary of the board.

Mr. Archibald Henderson, of Salisbury, a recent graduate of the University, was elected an instructor in mathematics, vice Mr. Geo. P. Butler, resigned.

Upon information from the president that Hon. James D. Murphy, of Asheville, has given a scholarship to the University just beginning, a vote of thanks was extended to the donor for his liberality.

Some time ago the president reported a like donation by Henry Weil, of Goldsboro, a trustee of the University. Mr. Murphy is both an alumnus and a trustee.

These gifts of scholarships serve a double purpose. They show the devotion of the donors to the University and they provide for the education, in its halls, of 24 young men, who otherwise might never have the opportunity of higher education. Why may not such examples be contagious?

Other business not of general interest was transacted.—Morning Post, 7th.

### THE ONLY ISSUE.

#### White Supremacy—Russell the Most Despised Man in Public Life.

"The political situation in North Carolina," said Gen. W. R. Cox, secretary of the United States senate, "is very favorable to the democrats. The issue that will dominate all others in the coming campaign is whether the state is to be dominated by white men or black."

"Stripped of all verbiage, the question is really narrowed down to that, and the people have made up their minds that no issue will be allowed to interfere with the settlement of such a vital matter."

"A great many men who left the democratic party will vote with it on next November, for they realize that the republican-populist alliance has not brought blessings expected from such fusion. The administration of the state's affairs has been exceedingly unsatisfactory. Governor Russell is probably the most cordially hated man in public life today, and the republicans who elected him hate him so much that a great many would like to see him impeached."

"I think the democrats will gain several members of congress, and they are confident of electing a majority of the legislature. The most strenuous efforts will be made to redeem the state, and white supremacy will be the slogan. Such an issue rises above ordinary partisan differences."—Washington Post.

One Minute Cough Cure surprises people by its quick cures and children may take it in large quantities without the least danger. It has won for itself the best reputation of any preparation used today for colds, croup, tickling in the throat or obstinate coughs. Howard Gardner.

### Reduced Rates.

For the occasion of the National Encampment of the G. A. R. at Cincinnati, O., September 5 to 10, 1898, the Southern railway will sell round trip tickets for \$10.95. On sale Sept. 3 and 4, final limit Sept. 12, Iron clad conditions. Continuous passage both ways. John B. Graham, Ticket Agent.

#### Week End Rates to Carolina Beach.

Commencing August 18th and continuing to Sunday, September 25th inclusive the Southern railway company will sell tickets to Carolina Beach, N. C., and return at rate of \$4.80. For sale on all regular trains leaving Greensboro Saturday and limit of ticket to return on Tuesday following date of sale. J. B. Graham, Ticket Agent.

#### A Smaller Cover Would Do.

Farmer Dunk—What do you think of Neighbor Pettibunker? Farmer Hornback—Well, he hides his light under a bushel, when in my opinion a teacup would be plenty big enough.—Judge.

#### The True Remedy.

W. M. Repine, editor Tiskilwa, Ill., "Chief," says: "We won't keep house without Dr. King's New Discovery for Consumption, coughs and colds. Experimented with many others, but never got the true remedy until we used Dr. King's New Discovery. No other remedy can take its place in our home as in it we have a certain and sure cure for coughs, colds, whooping cough, etc." It is idle to experiment with other remedies, even if they are urged on you as just as good as Dr. King's New Discovery. They are not as good, because this remedy has a record of cures and besides is guaranteed. It never fails to satisfy. Trial bottles free at C. E. Holton's drug store.

### The Trolley Accident.

Troy, N. Y., September 8.—The coroner today began an investigation of the Cohoes trolley accident. Conductor Congdon has been arrested. Several of the injured passed a bad night and may not survive the day.

The Hamilton (O.) Spectator traces the evolution of the Czar's peace proposition in the following dialogue. The Czar—"I will build two big battle-ships." John Bull—"I will build four." The Czar—"I will build eight." John Bull—"I will build sixteen." The Czar—"Let us have peace."

In Gardiner, Me., both the local and standard systems of time are in vogue and the hands of the two town clocks are kept 21 minutes apart. Each has its own devotees, and the consequence is that there is much confusion in keeping the business and social engagements.

You invite disappointment when you experiment. DeWitt's Little Early Risers are pleasant, easy, thorough little pills. They cure constipation and sick headache just as sure as you take them. Howard Gardner.

## A CRITICAL TIME

During the Battle  
of Santiago.

SICK OR WELL, A RUSH  
NIGHT AND DAY.

The Packers at the Battle of Santiago  
de Cuba were all Heroes. Their  
Heroic Efforts in Getting Ammu-  
nition and Rations to the Front  
Saved the Day.

P. E. Butler, of pack-train No. 3,  
writing from Santiago, De Cuba, on  
July 23rd, says: "We all had diar-  
rhea, in more or less violent form,  
and when we landed we had no time  
to see a doctor, for it was a case of  
rush and rush night and day to keep  
the troops supplied with ammunition  
and rations, but thanks to Chamber-  
lain's Colic, Cholera and Diarrhoea  
Remedy, we were able to keep at work  
and keep our health; in fact, I sin-  
cerely believe that at one critical time  
this medicine was the indirect saviour  
of our army, for if the packers had  
been unable to work there would have  
been no way of getting supplies to the  
front. There were no roads that a  
wagon train could use. My comrade  
and myself had the good fortune to  
lay in a supply of this medicine for  
our pack-train before we left Tampa,  
and I know in four cases it absolutely  
saved life."

The above letter was written to the  
manufacturers of this medicine, the  
Chamberlain Medicine Co., of Des  
Moines, Iowa. For sale by C. E.  
Holton.

A Paris physician has lately nipped  
in the bud, so it is reported, a habit  
which might have become as danger-  
ous as the use of morphine. A woman  
of fashion had tried perfuming herself  
by subcutaneous injections, and  
found that it was quite possible to  
give the body the fragrance of the lily  
or the rose. But her example was im-  
itated with nearly fatal results, and  
the physician's warning has put a stop  
among the fin-de-siecle Parisiennes.

### Chief Local Matters.

Rev. G. T. Rowe, pastor of Proxim-

A demented lady from Sanford was  
carried through here last night en-  
route to the insane asylum at Morgan-  
ton.

Supt. E. McK. Goodwin, of the  
Morganton Insane Asylum, spent last  
night in the city with Dr. C. D. Mc-  
Iver.

The street force is making a neat,  
substantial thoroughfare out of Bain  
street, which has heretofore used as a  
pasture.

Senator John L. McLauren and fam-  
ily, of South Carolina, who have been  
spending the summer at their summer  
home near Mt. Airy, passed through  
today enroute to Washington.

A man and his wife, living about  
twenty miles from Greensboro, were in  
the city today for the first time. They  
have heretofore been trading in Win-  
ston, and were never in the flowery  
city before, though they are, presum-  
ably about thirty years old.

Two hundred and fifty colored  
troops passed through this morning  
over the Southern going north. They  
were fine looking men and were enlist-  
ed as recruits for the Twenty-fifth reg-  
ular infantry soon after the war be-  
gan. The Twenty-fifth was in the bat-  
tle of Santiago, but these recruits  
have been in camp at Huntsville, Ala.,  
and have never seen the regiment to  
which they belong.

### THE OPENING OF TRINITY.

Thirty Per Cent Larger Than Last  
Year.

The fall term of Trinity College  
opened today very auspiciously. Stu-  
dents from all over the state have  
been arriving for several days, a large  
number having come in yesterday and  
today.

President Kilgo told a Sun reporter  
this morning that the attendance this  
time was fully thirty per cent. larger  
than heretofore. The students are  
coming in very rapidly, and it is al-  
most impossible to give the exact num-  
ber at this writing. They are being  
matriculated as rapidly as possible.

The greater portion of the students  
this time are new ones, who enter for  
the first time. A goodly number of  
the old students are also back this  
session.

It is thought that the attendance will  
reach considerably more than thirty  
per cent over last year if the students  
continue to come in as rapidly as they  
have already.

The High School also opened this  
morning with a good attendance, and  
the prospects are indeed bright for its  
future.

The faculty and pupils of the college  
and high school enter upon their  
year's work with renewed energy and  
vigor, fully determined to make this  
the best year's work they have ever  
done. Friends of these institutions  
are glad to know that they opened  
with such bright prospects.—Durham  
Sun.

### House Robbed.

Policeman Jeffreys is mad. His  
wife has been at White Sulphur  
Springs for two months and he has  
been boarding with a neighbor. His  
visits home have not been frequent be-  
cause he did not think it necessary.

He went home today, however, and  
found that his house had been robbed.  
He could not tell how much was taken  
but he knew it was gone and imme-  
diately set out to get a clue to the per-  
petrators. He is at work on the case  
as he never worked before and has en-  
gaged the help of his fellow police-  
men.

### Doesn't Signify Much.

The fusion affected at Raleigh last  
week between populist and republican  
politicians was expected. It has ex-  
cited little interest for the reason that  
it does not signify as much as such a  
deal once did. Time was when this  
trade would have meant the delivery  
of a certain number of votes by either  
party, but it signifies no such thing  
this year. The politicians may dicker,  
but the voters are going to take the  
bit in their teeth in this year of our  
Lord.—Winston Journal.

### A Conqueror Wanted.

Gen. Joseph Wheeler, who fought  
the Spanish so well at Santiago, has  
begun to fight malaria, typhoid, in-  
competency and death at Camp Wik-  
off. Wheeler may win because he has  
a way of winning, but he will have to  
drive a harder battle at Montauk than  
he put up in Cuba. He may thrash  
malaria, he may choke off typhoid,  
he may scare death away—but where  
is the man who shall sweep incompe-  
tency from the field?—Philadelphia  
Record.
